

Symposium – March 04, 2009

ITP, Großer Seminarraum

- 09:15 - 10:15 Daniel Rings
“Hot Brownian motion”
- 10:30 - 11:30 Marcel Hennes
“Static properties of stiff polymers in random media”
- 11:45 - 12:15 Panayotis Benetatos
“Semiflexible polymers in quenched disorder
(Part II: Networks)”

Lunch break

- 15:30 - 16:30 Jens Glaser
“A liquid state approach to stiff polymers”
- 16:45 - 17:45 Lars Wolff
“Stress softening of biopolymer networks”

Dinner
